CANDIDATE'S PLEDGE

I have read in its entirety the FORWARD NEW ORLEANS platform and mandates. I have also been interviewed by a group of Forward New Orleans representatives to review each of its points.

My signature next to a FNO issue indicates my commitment, if elected, to embrace and implement the leadership mandates for that platform.

I understand that I will be held fully accountable to my pledge. I further commit to providing regular written progress reports to our citizens during my elected term in office.
